New Enhancement for 2014-2015: Survey Results by Individual Schools within the University

REGEIS
Report Year 2015

Main Switchboard: IPEDS/CDS Front-End

The IPEDS/CDS front-end allows authorized users to access the back-end data and filter for subsets of students, based on any number of student attributes, such as school, department, major, first-time, full-time, first generation, residency, race, gender, age, etc. All calculations are performed within Microsoft's enterprise SQL Server. Calculations can be verified; clicking on any number instantly displays the students underlying the calculation. The "Source" data for all survey parts can easily be viewed.

New enhancement for 2014-2015 is automation of survey results by individual schools within the college/university.

The screenshot shows the 'Main Switchboard: IPEDS and Common Data Set (CDS)' application window. At the top, it displays 'Report Year: 2015' and 'School: All Schools'. Below this, there are two main sections: 'IPEDS Surveys' and 'Common Data Set'. The 'IPEDS Surveys' section is divided into three collections: 'Fall Collection (9/3/2014-10/15/2015)' with options 1 (12-Month Enrollment) and 2 (Completions); 'Winter Collection (12/10/2014-2/11/2015)' with options 3 (Admissions), 4 (Graduation Rates), 5 (Graduation 200%), and 6 (Student Financial Aid); and 'Spring Data (2/10/2015-4/8/2015)' with option 7 (Fall Enrollment). The 'Common Data Set' section lists various categories: A. General Information, B. Enrollment/Graduation (with sub-options B1 Enrollment and B2 Graduation Rates), C. Applicants (with sub-options C1 Applicants, C2 Freshman Profile, and C3 Admissions Policies), D. Transfer Admissions, E. Academic Offerings, F. Student Life, G. Annual Expensees, H. Financial Aid (with sub-options H1 Aid Awarded, H2 Students Awarded, and H3 General Policies), I. Faculty/Class Size, and J. Degrees Conferred. A 'Print CDS' button is located at the top right, and an 'Exit' button is at the bottom right. A red arrow points to the '4' button under 'Graduation Rates' in the Winter Collection.

Data presented herein is based on a hypothetical 4-year institution with a Fall 2014 enrollment of 16,427 students.

Student profiles are illustrative; names and IDs are fictitious.

We will demonstrate the IPEDS Graduation Rates survey for 4-Year institutions.
